PROFILE

I am a passionate frontend web developer with a strong focus on creating functional and visually appealing user interfaces by designing and developing it. I am excited to put my talents to use and keep getting better through real-world experience. I have a good understanding of frontend frameworks and a growing knowledge of backend development and a good understanding of UI/UX. I am constantly looking for chances to share my knowledge and advance my development skills.

WORK EXPERIENCE

FRONTEND WEB DEVELOPER (INTERN)

Development Platform

Jun 2024 - Sep 2024

- Collaborated with a team on multiple projects, focusing on frontend development.
- Gained hands-on experience in teamwork, including task division, effective communication, and meeting project deadlines.
- Enhanced technical skills in frontend frameworks and tools while contributing to functional and visually appealing user interfaces.
- Developed a deeper understanding of project workflows and collaborative problem-solving.
